Freese and Nichols' estimate for the Base Bid was $399,700. A copy of the bid tabulation is attached for your use and records.

Based on their previous experience with the Cities of Allen and Carrollton and the references checked, Jim Bowman Construction Company appears to have a good record on this type of project. The City of Allen said they were very willing to work with the City and did a good job on a large sewer replacement project they recently completed. The City of Carrollton said they would definitely hire them again without any hesitations. Based on this information, Freese and Nichols recommends that the City of Frisco award the construction contract for this project to Jim Bowman Construction Company in the amount of **$316,940.00**.
