Re: Preston Road
Night Time Paving

Dear Mr. Purefoy,

Attached is a memo from Mr. Brian Moen, Assistant Director of Engineering Services/Transportation, notifying Mario Sinacola & Sons Excavating Inc. that a letter must be submitted to your office requesting a variance to permit night time paving. We are requesting a variance from the noise ordinance for 5 nights of paving. Our current plan is to start paving operations at 7:00 PM and to finish by 6:00 AM on March 31, April 1, 5, 6 and 7. Of course this is weather/schedule dependant. I am attaching a series of aerial photos showing the residences that are in the vicinity of our operations. There is only 1 residence within 500 ft of our operations and it is our intent to pass beyond this location prior to 10:00 PM.

Enclosed is a check for $25 for processing this application.

Please advise if our request for variance is permitted.

Sincerely,
Mario Sinacola & Sons Excavating, Inc.

Brian Salerno
Vice President Public Construction Operations
