**Re: Interlocal Agreement with the Frisco Economic Development Corporation**

---

The City of Frisco entered into an inter-local agreement with the Frisco Economic Development Corporation (FEDC) during FY 2007. This agreement expanded the GIS services to the FEDC for a period ending September 30, 2008. Beginning in FY 2009 and continuing through FY 2016 there was a continuation of these services. Attached is the proposed interlocal agreement for FY 2017 to continue providing these expanded GIS Services with the FEDC.

We recommend that the agreement be placed on the next regular City Council agenda for consideration. Please let us know if you need additional information.
